Dear Modified Healey Enthusiast,

The Modified Healey Registry is a loose knit group of individuals, National and international, who enjoy modified Healeys.

I am interested in all cars that said Healey on it that has other than Healey drive train, or Healey drive train with tube chassis and/or other extensive suspension modifications.

A couple of the largest Austin Healey clubs, and some smaller ones, recognized the modified group. Knowing that there is a group of us around the world with a common interest of a LITTLE FAS'I'ER than average Healey, and that FUN is the name of the game, hopefully we will be seeing more modifieds at the various events. The Registry expects to accomplish the following:

1. Registry member listing to all members.
(We now send updated list to all new members)
2. Technical clearinghouse with periodical articles in the Cascade and Austin Healey Club magazines and/or club newsletter. (We now have a newsletter published every 2 months of which we send out the to new members and have past year's copies available.)
3. Photo & Car spec album that would be available for those that would want to display it at one of their events.
4. List of events that a modified owner would enjoy. Either driving or show events.

The enclosed questionnaire is the base of our Modified Registry. I would appreciate you completing it and returning to me as soon as possible. I would ask you to get me a name, phone number, and/or address of any modified Healey owner you may run across or hear about. I will then personally contact them..

At present we charge no fees.

All suggestions and constructive criticism are more than welcome

Happy (Modified) Healeying,

LEROY J. JOPPA
(WEIRD WILLIE)
