

GERRY COKER

Friday marked the passing of the last prominent member of the Austin-Healey "team".

Gerry Coker passed away at his home in Florida. During his years working for Donald Healey, 1950-1957, he was responsible for the design of Austin-Healeys from the 100 to the Bugeye Sprite as well as the Bonneville streamliner.

Several years ago Stella and I were invited to spend a night at the Coker's Florida home. It turned out that both Stella and Gerry's wife Marian were members of the same British club, the Daughters of the British Empire, so while they talked about England, Gerry and I talked about cars. It was a most interesting visit and Gerry and Marian were great hosts.

Many people got to know Gerry thru his attendance at Austin-Healey club events in the U.S. Even in his later years he still had his warm personality and keen wit.

Gerry died Friday at age 98.

Bob Gilleland

Today has brought us the sad news of Gerry Coker's passing. His talent and skill will live on, but the Healey world has lost one of its stars. RIP Mr Coker.

Presidents Column

Greetings Everyone,

It's still pretty quiet for car events or for anything else that matters. We'll be a getting vaccine faster than you can change your sparkplugs and we'll be back on the road drivin' and socializin' before you know it, "fingers crossed". Roundup 40 is going to happen in September next year and we'll be working on it through the year to make sure it's one of the best we've had! We will still need more volunteers to help out with all of the event activities so lets see some hands raised !

Will & Remington organized another "Run" and a good turn out with driving, eating and driving. His column starts on page 3. Chris Kellner and wife Judy along with the Moran's, Tim and Sherry, are down in Galveston "beaching it" but he was still able to get his column out for us even though he left his sparkplug wrench at home, page 6.

Below is the 2020 Longevity Awards List for AHCA Members that are in our club. I've been doing research on the beginning of the North Texas Austin Healey Club from it's before startup to its first meeting and Newsletter and we will be getting them posted to our website in the near future as well as all the Newsletters through the years for everyone to see. Membership Director Barbie Bucy has posted some very important information for you to read in her column on page 9 so please give it a good look over! Also, 2021 Membership Dues is now due so break out your wallet, check book or whatever and renew before you spend all your money on Healey parts!

See you on the Healey trails...

Patrick Yoas

North Texas AHC would like to say "Thank You" for your continued Club Support of AHCA and NTAHC over the years! These Members were recognized in the *Healey Marque Magazine* during the year.

What a great Saturday for a Country Run!

~ 2020 Autumn Run to Alvarado, Texas ~

Saturday, October 24th, 2020 ~ Mansfield to Alvarado

The weather starting out was overcast and only 47 degrees, as we departed Mansfield a blue sky and bright sun appeared. There were seven beautiful cars consisting of Healeys and British cars along with awesome folks. Enjoying the crisp fall air and scenery that was all around us our group took a quick stop at the Lillian Baptist Church to make sure that everyone's car was running fine and no worries, all was well. We then continued on through the beautiful backroads for another 15 miles reaching our destination 40 minutes from the start of our drive.

We were greeted with a "Warm Welcome" on arrival by Eric Espinosa the owner of "El Rey" Mexican Restaurant in Alvarado. We all enjoyed the hot coffee, delicious breakfast and of course conversation amongst awesome folks. Never the dull boring kind of conversation but the good information kind! From engines, tires and most interesting "how to identify a vehicle by its particular exhaust signature".

"Hey Will, where's all this oil coming from?"

Continued on the next page...

Continued "the Country Run...."

We don't do freeways, we like the backroads!

On our route back we went through Venus and the familiar FM157 (business) with all it's 90 degree banked curves, perfect for a sports car!

We still had the blue sky and bright sun as we arrived back at our starting point 2.5 hours later. It was a nice autumn day for a drive in the country and we all are looking forward to it again soon!

~ The Awesome Folks that joined us today ~

Mike Eastman, NEW NTAHC Member Donovan Simmons in his Mark III Red Sprite along with his dad Mark Simmons, My friends Sam Cary, Reggie Grant, John Curtis, Casey Johnson, and myself - Will Meehan.

***Cheers,
Will & Remington***

ACTIVITIES

Hilary Cooper

Hello everyone,

The weather is cooperating with lower temperatures and some clear days. Might I suggest a run to the local drive-in food place for a snack. The car will thank you. It is feeling very lonely and neglected.

Hope that all who attended the drive from Mansfield to Joshua had a grand time. Sorry to have missed it, maybe next time.

Another driving suggestion is to pick a Texas winery, take a picnic lunch or buy one there and drive out in the country. The new rules allow wineries to serve food on the patio and sell wine by the glass or bottle. Many of the wineries have wonderful patios with cool breezes and some with spectacular views. We have been to Comanche to [Brennan's](#) and Alvord to [Brushy Creek wineries](#). [TF Winery](#) at Boyd has picnic tables under old oak trees just by the vineyard and the additional treat of [Sam's BBQ in Boyd](#) for take-out.

Along with everyone else, it has been a stay-at-home year. Zoom birthday parties and meetings along with video medical calls are now the norm. But we are adaptable and so we will find ways to connect. My wishes for everyone's continued good health and happiness.

MUSSINGS FROM THE BEACH

Sitting on the beach in Galveston with Ms. Judy and the Moran's watching the surf roll in with a fufu drink in hand thinking about the racing season that almost wasn't. The last race of our season was CoTA with SVRA at Austin just a week ago. While a super nice venue it wasn't as well attended as previous events there. Our whole season and those of many other vintage organizations have all struggled. CVAR has set our 2021 schedule and it looks to be a good one. We'll be racing at MSR-Houston, Eagles Canyon, Hallett (my favorite) and we'll finish the season again at CoTA in Austin.

While Annie is in fine fettle she's been resting a lot this year. My racin' buddy Tom Taff has done more races this year and is good position in his run group for the championship. He can really drive that Porsche 914-6.

Our RV is now back on the road after the great suspension caper of September and the Mini front end is fixed too. So, now I can get back to

the Devin-Healey with gusto!! My plan for this little road rocket is still to tech her this coming March. Then we can begin racin' her which I'm really excited to begin doing.

While saddened to learn of Jerry Coker's passing we have much to be thankful for in this great country.

Judy and I wish all of our Healey friends the world over a blessed Thanksgiving, even if in some places they might just have a nice Thursday meal, a wonderful Christmas, a superbly successful and healthy 2021.....Now it's out to the, hey wait I'm in in Galveston, I'll look for that spark plug wrench next week.

It's All About Your Membership.....

Hello Y'all

It's once again that time of year, 2021 AHCA Membership Renewal! The AHCA Member dues are \$70.00 and NTAHC "Local Only" Member dues are \$20.00. Thank you, to those of you who have already sent your dues in. I will be sending a receipt to those of you who have already paid your dues to date. PLEASE make sure I have any changes to your email address or contact information so that my record keeping is correct.

Please send your 2021 Membership Dues to me, NOW!

I try to keep up with what's happening within North Texas AHC and our Members but it is hard without the help of our Members. Feel free to contact me or any one of us, to update us or on behalf of a Member. We will be happy to help!

Everyone should be getting the communications that North Texas AHC sends out. This includes our E-Newsletter and any other communication Members need to be aware of. This communication via North Texas Austin Healey Club/mail chimp goes to the email address you have provided me with. NTAHC controls the mail chimp service, it's part of our website. AHCA Members also receive from time to time communications from Austin Healey Club of America via email from vp_promotions@healeyclub.org as well as occasional AHCA Constant Contact email. Both of these AHCA communications are a very important part of your membership and rest assured it's controlled by AHCA and only for AHCA use. So basically in a nutshell, Emails are an important part of your Membership and making sure I have the correct email address you want me to use is your part!

HEALEY OWNERS FROM AROUND THE COUNTRY SIGNING UP IN RECORD NUMBERS

Don't be Left Out, Register Now!

Healey owners have been signing up in droves for Conclave 2021 at Big Bear Lake which will run from May 16-21. Event Chairman Steve Kirby noted, "We have been overwhelmed by the response from across the country! We are well on our way to selling out the hotel's 148 rooms but are making arrangements for alternative lodging should that happen".

Registrations have already been received from more than a dozen states as well as Canada. There is even interest from Healey Owners in Australia and New Zealand, presuming those countries lift their travel bans. Kirby noted, "Frankly, we were a little concerned about the location, being so far West. We thought that might deter folks from the East, but that does not seem to be happening". Registration is open now, both online and by mail. Visit

Conclave Optional Events Announced

In addition to all the regular events offered at Conclave, there will be two optional events on offer.

On Tuesday and Wednesday evenings, you may opt to take a tour of the lake on the Big Bear Queen, a sixty passenger Paddlewheel boat. Enjoy a 90 minute excursion narrated by Captain Chris, a lifelong **BIG BEAR QUEEN** captain, who conveys Big Bear Valley's history, including the solar observatory, Garstin Island, celebrity homes, the story of the Four Dams, some of the best fishing spots and other fun stuff in Big Bear. Within walking distance from the Lodge, a tour on the QUEEN completes your mountain visit (and you can BYOB and snacks).

Due to the high demand for this option, there will be two sailings each evening, 5:00pm and 6:30pm. You can pick your sailing time when you check in at the event but do sign up in advance when you register.

On Monday evening, following a no host cocktail party, guests are invited to experience an authentic Santa Maria BBQ Dinner, the original California BBQ. **Santa Maria-style barbecue** is a regional

culinary tradition rooted in the Santa Maria valley near Santa Barbara. This method of barbecuing dates back to the mid-19th century and is today regarded as a "mainstay of California's culinary heritage".

Santa Maria-style barbecue centers around beef tri-tip seasoned with black pepper, salt, and garlic before grilling over coals of native coast live oak. The grill is made of iron and usually has a hand crank that lifts or lowers the grill over the coals to the desired distance from the heat. Chicken and sausage are also offered

The traditional accompaniments are pinto beans, fresh salsa, tossed green salad, and grilled French bread dipped in sweet melted butter.

Don't miss out on this unique culinary experience!

An authentic Santa Maria BBQ Dinner will be offered on Monday evening.

Scenic Tour and TSD Rally to Visit Joshua Tree National Park

On Tuesday, May 18th Conclave guests will have a choice of a dramatic Scenic Drive at their own pace, or participation in the Time/Speed/Distance (TSD) Rally. Both events will cover the same route with Joshua Tree National Park being the destination.

Joshua Tree National Park, Cali.

Two distinct desert ecosystems, the Mojave, and the Colorado, come together in Joshua Tree National Park. A fascinating variety of plants and animals make their homes in a land sculpted by strong winds and occasional torrents of rain. Dark night

skies, a rich cultural history, and surreal geologic features add to the wonder of this vast wilderness in southern California. The higher and cooler Mohave Desert is the special habitat of Yucca brevifolia, the Joshua tree for which the park is named. It occurs in patterns from dense forests to distantly spaced specimens. In addition to Joshua tree forests, the western part of the park includes some of the most interesting geologic displays found in California's deserts. The dominant geologic features of this landscape are hills of bare rock, usually broken up into loose boulders. Together with the boulder piles and Skull Rock, the trees make the landscape otherworldly. Temperatures in May are moderate with the average high in the mid-80's.

The famous Skull Rock in Joshua Tree Park.

Most of the distance to the Park is on the very scenic Highway 38 which crosses Onyx Summit at 8,443 feet, the highest state highway in Southern California. From the summit you will descend to 1,358 feet in Redlands, before proceeding to the Park, where elevations range from 2,000 to 5,000 feet.

After a lunch in nearby Twenty-Nine Palms, your drive back to Big Bear will be via another scenic route through the Lucerne Valley. All in all, it should be a great day to drive a Healey!
