Mansfield, Venus, Maypearl, Texas—Fun Run

January 30, 2021

On the trip were (Big Picture L-R): John Keller-57 MG-A; Chris Chamberlain-78 MG; Richard Hirst-78 MG-B GT; Will Meehan-60 Bugeye Sprite; Mike Eastman-60 Bugeye Sprite; Bill Clements-60 Bugeye Sprite, Bill Jenkins-58 MG-A; John Curtis-78 Triumph Spitfire; Casey Johnson-67 MG-B; Sam Carey-Triumph TR 6.

After New Year's and a few weeks before snowageddon there was a great weekend for British sports cars and it just happened to be the weekend for our most recent fun run. It was easy to see that there were lots of pent-up interest as 13 mostly British sports cars embarked on the ride. The 3 Bugeye Sprites that initiated these runs were all present along with some MGs, Triumphs, and Miata's. The mostly topless group assembled on Sunday afternoon and traveled the most twisty and fun to drive country roads in North Texas. We reassembled as we circled the town square in Venus and spent some socially distanced time visiting with locals, made new friends and rekindled some old relationships before continuing to Maypearl and then back home. It was a nearly perfect fantastic day for us and our sports cars.

Awesome fun!

Greetings,

We certainly had a 'weather surprise' a few weeks ago and I hope everyone survived without too many problems. Between the power outages, water lines breaking, road closures and food shortages, are you ready for Healey driving weather? Yeah! Hopefully, a lot of Members have made good use of the "COVID-19 break" to get their Healeys in shape for driving events again and are anxious to hit the roads and are looking forward to going to some Healey events. Most of the Clubs with events scheduled are optimistic their events will be finally happening, and we are extremely optimistic that the 40th Texas Healey Roundup is going to be on schedule.

Tech Sessions. We hope to be able to start back up with the Tech Sessions soon. We will send out an email to everyone as soon as we know when we are starting back up. Coffee and Donuts will be provided at the Tech Sessions as we have done in the past!

Putting the clubs Newsletter together is more than a one-person endeavor and without the help of club members it does not happen! I would like to take this time to thank Barbie Bucy and Hilary Cooper for their great contributions. Along with their highly informative columns, I am personally grateful for their correction skills. If you would like to submit a column for the "Healey Trails Newsletter" please do. How you got your first Healey, your favorite Healey or car club event, memorable roadside repairs, photos too? Do not worry about the grammar & polish, we will help you with that!

If you have a club activity you would like to suggest, please contact Hilary Cooper. We are always looking for ideas to plan something that would be enjoyable to do. How about a road trip or even an overnight road trip? We used to do road trips in a caravan of Healeys, that were really a lot of fun. Meeting at a set time in the morning for breakfast and then leaving together as a group. People that we saw along the way always enjoyed seeing the caravan of Healeys on the road. Do not worry if your Healey is not running, you can always drive your regular car too.

The classifieds have not changed for quite some time and we would like you to check them for any updates. Please let us know if the items have sold or still need to be listed. To the Lady who contacted me about selling her husband in our classifieds.... We only list Healey related parts. (COVID-19 must really start getting on everybody's nerves!)

Chris Kellner's Musings from The Paddock feature will be back in our upcoming Newsletter! Guest "Columnist" Fred Crowley of Team Healey Texas fame has submitted a Column for this Newsletter that you will find interesting and enjoyable to read. I discovered a Facebook Post by Fred during a car show and I thought it would be a great topic for our newsletter. Fred and Jeanice have rejoined our club and were members for several years. Welcome Back!!

Mike Eastman and Will Meehan organized and ran another Fun Run for British Cars. Mike said, "We were reasonably organized for 4, 5, or 6 cars, but 13 is overwhelming!" Mike provided photos and writing on page 2.

See y'all on the Trail!

Patrick

ENJOY THE RIDE

**YOU NEVER KNOW HOW MANY LAPS
YOU HAVE LEFT**

It is already March, time to get out and about!

Hello 'all,

For some of our members, they have already been doing just that.

I have had the opportunity this last month to catch up with some of you and what has been going on in your world. My collaborative thought is that no matter what end of North Texas you live in we are all about the same, doing ok and wishing like hell Covid-19 is behind us real soon. North Texas AHC love goes out to Perry and Ursula Lundin, they lost their son to Covid very suddenly back in early January. We all have been affected by this pandemic, one way or another.

Former members who live in Washington State said to say "Hi" to everyone, John "The Blender Man" (Tx H R/U early years, sorry Bret!) and Sherl Cuny. New Member, Sid Fikes of Granbury, he has a 03 50th Anniversary Vette says, "this is just a pipe dream that goes back to high school days", who knows maybe through a NTAHC Member his pipe dream may come true! Fred and Jeanine Crowley keep up with us, along with Scotty and Wanda Aurandt, Tim and Sherri Moran. Even Allen Hendrix of www.hendrixwirewheel.com in North Carolina loves NTAHC and Texas Healey RoundUp. PS- Hendrix Wire Wheel is the

"Margaritaville" Sponsor for Texas Healey RoundUp ~ 40th Anniversary!

Ok, so that you are sure to be getting all current NTAHC Club info via email (the way NTAHC communicates) to you, please be sure to log into the North Texas Austin Healey Club website www.NTAHC.org This is the guaranteed way that you will receive NTAHC communications on Tech Sessions, Up Coming Car Events, Club Business, Social Events etc.

We had a great return of Membership for 2021. The percentage was like 98% as of Mid-February. If for some reason you do not receive your April 2021 "Healey Marque" magazine, please let me know.

Any questions for membership give me a call @ (817)480-4831. Please leave me a message and I will return your call.

Again, I look forward to getting out and about visiting with everyone!

"TOUCH THE CAR"

by Fred Crowley

While I raced my '62 Healey 3000 for 25 years while I lived in Texas, I retired both the car and me from racing in 2014. The reason was that in early 2014, we sold our house in Plano, Tx., furniture, civilian cars, shop equipment, etc., but not the Healey. Jeanice and I then bought a 43' 5th wheel RV, put the Healey in storage north of Dallas, and now we travel throughout North America (subject now to the China Virus restrictions).

We have wintered in Tucson for the past 5 years (Nov 1 – Apr 1). Last Spring (2020), our travel plans had to be completely redone due to the virus restrictions, and thus we didn't leave until Jul 1, for an abbreviated travel in the southwest.

During our extended stay last Spring, I was thinking about what to do with the Healey (in storage in Texas). We rarely get back to Texas, even tho' it is our domicile state – our residence is where-ever we drop the RV's anchor). In discussion with Jeanice, we decided to move the Healey here to Tucson. It was already licensed and insured in Texas (so that I had an official title for the car, and to cover any mishaps away from the track).

I arranged for air-conditioned storage in Tucson, for when we were travelling during the summer. With the Healey now in Tucson, I added working lights, and we started to use the Healey on public roads.

Back Home at Far Horizons

Tucson is surrounded by mountains, and of course desert, so there are some really good Healey roads in the area. One of my favourite drives is up Mount Lemmon in the Santa Catalina mountains – only a 22-mile drive from our RV park in Tucson with a 6800' elevation gain. The Mt Lemmon Scenic Byway is one of the most scenic drives in southeast Arizona. It provides access to a fascinating land of great vistas, outlandish rockscapes, cool mountain forests and deep canyons spilling out onto broad deserts.

Mount Lemmon

Also, another advantage of spending the winter in Tucson, is that the weather is always great (day-time temps typically in the mid-60s to mid-70s, and little to no rain). As a result, there are numerous car-shows almost every weekend. The cars range from numerous hot-rods, custom cars and trucks, plain vanilla street cars, and..... of yeah, and some weirdo with a '62 Austin-Healey 3000 race-car.

I've attended numerous car-shows over the 100 years or so I've been around. Most cars on display typically have signs explaining details/background of the car. Most time there is also a notice saying "Look but don't touch". Now I understand why someone might have this admonishment, however I have a wee bit of a different view. I have a sign that invites folks (especially kids) to touch the car.

The car is a tough Healey race-car, there really isn't anything that can be damaged. Finger prints? So what, that's why God invented soap and car wax. Where else are the youngins' of today going to experience these old cars. I try to keep an eye out for a dad/mom/grand-dad/grand-mom with children looking at the Healey during the car-show. I ask if they (little kids and big kids) would like to sit in the car, and have a family member take a picture.

Last weekend at a car-show at a 50s themed diner here in Tucson, an elderly gentleman, somewhere in his late 80s asked if he could sit in the car. His adult son and grandson took pictures - this was really cool. If someone has a big enough grin, I'll ask if they would like to take a ride around the parking lot at the end of the show. Obviously, I have them ask whoever they are with, for permission. Jeanice says I seem to be having as much fun as the kids! Good thing I never grew up.

Y'all take care, eh?
Fred

CONCLAVE 2021

A MESSAGE TO ALL CONCLAVE 2021 REGISTRANTS

Hello all you Healey fans!

With all the changes happening in our world these days, I thought it would be worthwhile to communicate with you about our plans for Conclave in Big Bear this May. First, thank you for signing up. To date we have over 180 registrations comprising 360 guests. Our 30+ Conclave Committees are working hard to be sure you have a great time.

For the benefit of those who live outside California and may be hearing all sorts of dire things about our state in the media, please allow me to set the record straight.

Despite some political and bureaucratic bungling (what's new?), we are well on our way to recovery. We have administered more vaccinations than any other state and our mega-sites are up and running. Vaccine is now filtering down to local drugstores and clinics to help in the process. Our new case rate has dropped 85% in the last month. The governor has approved the reopening of our schools. Outdoor dining is open and thriving (we patio dine year-round anyway). Even my local pub is open!

We are optimistic that by middle-May things will be much more like normal. Presumably most of us in the Healey "demographic" will have had an opportunity to be vaccinated.

THE BOTTOM LINE IS: CONCLAVE 2021 IS ON.

Needless to say, all appropriate safety and hygiene measures will be in place (hope you got your Conclave mask). We have a Plan B in case indoor dining is still capacity limited that involves an outdoor dining and meeting venue on the property.

Of course, one can never be absolutely certain about anything in today's world, but barring an unforeseen surge in the pandemic, the show will go on. Furthermore, we will make a definite decision on or before April 1 and you will be notified accordingly.

Please note that there are NO travel restrictions within California or at our borders. There are no testing or quarantine requirements to enter the state from anywhere in the continental US.

So, make your plans. We are anxious to welcome you to Big Bear.

Sincerely

Steve Kirby, Conclave 2021 Chairman and all our hardworking Committees.

p.s. Don't forget to visit the Regalia Store and place your orders. www.conclave2021-regalia.com. Please remember that no sized items will be available for sale at the event, you must order in advance.

CONCLAVE 2021: MORE DETAILS REVEALED!

CAR SHOW, THEME NIGHTS, MUCH MORE!

Rest Up, It's Day and Night Fun at Conclave

This Just In! The Big Bear Village Council has given their final approval for the Conclave 2021 Car Show to be held right in the center of town, on Pine Knot Avenue and Village Drive. Both roads will be closed to all traffic during the show and our cars will line both sides of the quaint village streets.

While it will be a feast for the eyes for Big Bear visitors, it will be shopping and food feast for the exhibitors. The Village center features dozens of fine shops, art galleries, pubs, and restaurants....so while your car is on display, there will be plenty to see and do.

Also just announced are the themes for each evening's events:

- **MONDAY** Night Cocktails and BBQ will be **California Cowboy**. The original California cowboy was a mix of traditional Old West cowboy and Spanish Vaquero. Any of your

Big Bear Village

favorite western wear will fit right in, but maybe your want to try a little "south of the border" embellishment.

- **TUESDAY'S** cocktail party will be all **50's and 60's**. James Dean? British Boy Band? Flower Child? Let your imagination run wild!

- **WEDNESDAY** evening will feature **Wearable Art**. Our event chairperson defines it as "referring to individual pieces of clothing and jewelry assembled to create a wearable expressive art". Hmmm...that should be fun.

- **THURSDAY'S** Farewell Banquet will have a **California**

Beach Party theme. That's easy... Hawaiian shirt, shorts, and flip flops....or maybe something a little more "resort casual".

No matter what the theme, these events are sure to be great fun and provide plenty of time to socialize with friends old and new.

Don't wait any longer, register now!

More Nighttime Fun at Conclave

The Conclave host hotel, The Lodge at Big Bear, is well known locally as a music venue on weekends. In addition to a large outdoor deck, complete with band stand, there is a substantial amphitheater overlooking a pond and facing the stage. For Conclave, plans are for music every evening after dinner. Several local artists will be featured and while there will certainly be a country vibe, there should be something for everyone.

Of special note will be the Pub Night with Austin Healey Spares. This premier event sponsor, coming all the way from the UK, will be bringing some of their local fun with them. We will

have some English pub snacks, pub games and maybe even a round of Team Trivia. Worst British Accent competition? Beatles cover band? Who knows? Come along and find out.

No matter which day during Conclave, the fun doesn't stop when the sun goes down!
